

Euro Pickup Forks

Delivering
Engineering
Excellence

Quality
ISO 9001

The Euro Fork assembly is equipped with Euro-Hitch pickups which suit various manufacturer's loader quick couplers such as Komatsu, Hitachi, Volvo and more.

Upon request these fork assemblies may be customised to suit client specific requirements.

6T Working Load Limit (WLL)

6 tonne at 600mm load centres (subject to machine lifting capacity).

- Modern design with quality robust construction.
- Alternative fork arm lengths available.
- Fork assemblies are certified and made to AS3990.
