Water Tank - Made to Client Requirements

Contatore Engineering have developed their Water-Tanks over many years for clients who want and expect the best. They are modern, robust and built to last, making it a wise investment in your plant arsenal.

The Contatore Advantage:

- Quality sourced components.
- Custom made for client satisfaction.
- Fully fitted and finished in our WA workshop.
- Engineered for strength and stability.
- Coating options available.
- Made to AS3990.
